

# Double Sided Drafting Table

## ECFS UL<sup>®</sup> Listed System Computer Table

1-1/8" High Pressure Laminate Top  
Rolled front edge  
Available in hundreds of colors and patterns

Large, reversible, steel wiring raceway with  
removable and latchable door.

Flat Computer Drafting Surface

Angled Manual Drafting Surface

11 gauge tubular steel legs  
Available in four colors  
Can deliver power, audio, or any type of data  
through leg to user, eliminating user need for CPU access.

### Under Desk

Keyboard / Mouse Trays

CPU Holders of various types

Locking Storage

Drawers

Modesty Panel Extensions

### Electrical

Shielded Concealed Power Transmission

Up to 4 circuits can be accessed,  
transmitting circuit balanced power  
to 25+ workstations in a row.

Electrical System is completely  
concealed by the wiring raceway.

### Data Extensions

Audio, Power, or any type of data can  
be transmitted from the CPU, through  
the leg to the tablefront.

These accessories allow convenient  
user access, while allowing total CPU  
security and administrative control.
